

Etsy Listing Quick Start

This Quick Start guide is the bare-bones minimum to get your Etsy shop set up so that you qualify for the free 40 listing credits.

In order to get credits for 40 free listings, you need to set up a new Etsy shop and list a product as soon as you sign up for your account. You can't save it and come back later, so you need to be prepared.

However, you don't have to enter every detail for your shop right away, like creating a shop header image. You'll have plenty of time to fine-tune your shop, you just need to set up a few basic things and list a product to get your 40 free listing credits.

Preparation – You will need:

- ✓ PayPal or credit/debit card to pay Printful when you order products
- ✓ PayPal to pay Etsy for listings
- ✓ Bank account to be paid BY Etsy – Etsy collects payments from customers, takes their fees, then transfers your money to your bank account.
