

Kurt Melvin's Big List Of Over 2,600 Local Businesses And Services

Mix and match these with a variety of geographics locations for millions of possibilities.

Here's a [list of the 1,000 largest cities in the USA](#). There's plenty of other countries too, as well as county names and even zip and area codes that can be used..

This site has a good list of hundred's of the highest paying AdSense keywords, as well as a link to download the top MILLION highest paying AdSense keywords in a CSV file:

[Grepwords 1,000,000 Top High Paying CPC, Adwords and AdSense Keywords for 2015](#)

Refer to the highest paying keywords in order to get a good idea which local businesses probably have the highest profits from their customers and clients. Some businesses can make thousands of dollars from a single new client, while others make just make a couple of bucks. Businesses with high profit margins can most likely afford to pay you the most for your marketing services.

Use this information to brainstorm finding clients for your marketing services, as well as ideas for local SEO.
